The Lifezone 360 Foundation is a registered 501(c)3 organization whose mission is to get more youth playing sports. With the epidemic spread of video gaming and electronic devices aimed at keeping kids docile, we strive to help kids fall in love with sports and use sports as a means to get fit, learn teamwork, succeed & fail and learn critical life and leadership principals. Our head coaching staff is made up of licensed, screened, professional coaches who have been through CPR and AED training.

*The Foundation provides funding so that subsidized and free programs can be offered to families in need within the community.
